

Management Accountant

Auckland City

Opportunity to take ownership for a business within a large multinational
Exciting, fast-paced industry

The Company

This NYSE listed group of companies is a global market leader, and among the most successful and creative in the world. They have a reputation for only hiring the best people, so you'll be learning from some of the sharpest accounting talent in town.

The Role

You'll be taking charge of a business that has recently been moved into the group from a sister company. Your initial challenge will be to get to grips with the data and provide meaningful information to senior management to help them understand the business.

To perform this role well will require extensive interaction with non-finance staff. Next, you'll be using your questioning mind and initiative to examine existing processes and suggest and implement changes.

You'll have ongoing responsibility for management reporting via Hyperion to head office, so you will have solid Management Accounting functions to perform here.

Your Profile

Ideally you'll be CA qualified with an audit background, with some commercial management accounting experience. You have advanced Excel skills, rigorous attention to detail and excellent time management and communication skills. You're bright, tenacious and ambitious.

Your personality will set you apart – you are looking for a role where you can make a name for yourself and become invaluable to the business. There is lots of opportunity within the company for future career growth.

This role represents an excellent springboard for a bright career. Contact Ellen Williams or Angela Cameron at Consult Recruitment for more information.

Please note: Due to high levels of candidate applications, only those with an applicable background will be contacted.
